DECISION ON PETITION

This is a decision on the "PETITION UNDER 37 C.F.R. 1.10(c)," filed October 16, 2003, requesting that the above-identified application be accorded a filing date of November 21, 2001, rather than the presently accorded filing date of December 18, 2001. This petition included persuasive evidence that it should be considered timely filed February 15, 2002.

Petitioner maintains that on November 21, 2001, the application was deposited as "Express Mail" in the U.S. Postal Service. In support thereof, applicant submits, *inter alia*, the following documents:

- a copy of the cover sheet accompanying the application papers on original filing; and
- a copy of the Internet Print-Out of the USPS to show that the papers mailed under Express Mail Label No. EL758653362US were accepted at the Post Office on November 21, 2001.

Paragraph (a) of 37 CFR 1.10 states that:

Any correspondence received by the Patent and Trademark Office (Office) that was delivered by the "Express Mail Post Office to Addressee" service of the United States Postal Service (USPS) will be considered filed in the Office on the date of deposit with the USPS. The date of deposit with the USPS is shown by the "date-in" on the "Express Mail" mailing label or other official USPS notation. If the USPS deposit date cannot be determined, the correspondence will be accorded the Office receipt date as the filing date. See §1.6(a).

(Emphasis supplied).

Paragraph (c) of 37 CFR 1.10 states that:

Any person filing correspondence under this section that was received by the Office and delivered by the "Express Mail Post Office to Addressee" service of the USPS, who can show that there is a discrepancy between the filing date accorded by the Office to the correspondence and the date of deposit as shown by the "date-in" on the "Express Mail"

mailing label or other official USPS notation, may petition the Commissioner to accord the correspondence a filing date as of the "date-in" on the "Express Mail" mailing label or other official USPS notation, provided that:

(1) The petition is filed promptly after the person becomes aware that the Office has accorded, or will accord, a filing date other than the USPS deposit date;

(2) The number of the "Express Mail" mailing label was placed on the paper(s) or fee(s) that constitute the correspondence prior to the original mailing by "Express Mail;" and

(3) The petition includes a true copy of the "Express Mail" mailing label showing the "date-in," and of any other official notation by the USPS relied upon to show the date of deposit.

The instant petition was filed promptly within the meaning of § 1.10(c)(1). The cover sheet, which itemizes the papers being filed in this application, bears the "Express Mail" mailing label number "EL758653362US" thereon. Thus, petitioner has shown that the number of the Express Mail mailing label was placed on the correspondence prior to the original mailing by Express Mail. Petitioner's assertions are corroborated by the USPS Track and Confirm record. The "Shipment History" submitted notes ACCEPTANCE of the relevant Express Mail mailing at 5:32 pm on November 21, 2001<sup>1</sup>. In this instance, the requirement for a copy of the "Express Mail" mailing label is *sua sponte* waived<sup>2</sup>.

In view thereof, the petition is GRANTED.

No petition fee is required.

The application is being forwarded to the Office of Initial Patent Examination (OIPE) for correction of the filing date to November 21, 2001.

Telephone inquiries related to this decision may be directed to the undersigned at (703) 305-0309.

<sup>1</sup> It is noted that during this period there was a disruption in Express Mail service to the United States Patent and Trademark Office (USPTO) at the Washington DC address; however, the USPS record supports a conclusion that the USPS nonetheless accepted the instant mailing. *Suspension of the "Express Mail" Service of United States Postal Service for mail addressed to ZIP Codes 202xx through 205xx, 1254 OG 33 (January 1, 2002)*.

<sup>2</sup> By telephone inquiry on October 30, 2003, attorney of record Stemmer confirmed that they had not received the "Express Mail" mailing label receipt from the USPS. It is further noted that the USPTO's USPS records do not contradict this assertion.

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
